Dear MP,

Please stop and think

As you're well aware, the people have had enough, whether they voted Leave or Remain. They just want to get on with it and have you deliver Brexit – whether you believe in our decision or not.

Your seat and your power

If you want to preserve the chance of keeping your seat at the next election you need to give some serious consideration to the following. Your power is only worthy if you use it wisely. Wisely for the country's sake that is.

Face up to the facts

I assume and strongly hope that you have informed and keep informing yourself about the basic / fundamental facts of all the elements of EU membership. That's the foundation.

It's the key and crucial element of any decision you make in our name. It's a serious responsibility and I urge you not to take it lightly.

WA and Customs Union

Have you read the WA? If yes, did it shock you? It is most obviously a constitutional abomination.

When it comes to the Customs Union can you quote any facts about it? The facts on the next sheets are from incontrovertible EU Commission information. It's quite possible that you haven't been given these facts. Please do read them.

You must respect democracy or lose me forever

If you do not respect the democratic decision of the British people to leave the EU (which means leaving everything), and you do this without looking at the true facts, then I regret that I can never vote for you again. You will lose my vote forever.

**I really hope you will review the attached facts and vote for a full, clean, WTO Brexit on 12 April.
If not, then you will have lost me, and thousands of other voters, permanently.
The consequences will be severe:**

Election of the Member of Parliament for the constituency	
Vote for only one candidate by putting a cross <input checked="" type="checkbox"/> in the box next to your choice	
My current MP	<input type="checkbox"/>
Name:	
Anybody else	<input checked="" type="checkbox"/>

Yours sincerely
